Innovations, Visions, & Technologies 2024 Science Day @ INVITE

Draft Outline – 2024-04-22

Invitation – Science Day@INVITE 2024

Dear INVITE-partners, DDIC-members and science & technology experts,

We cordially invite you to our Science Day @INVITE 2024 which will take place on June 24th, 2024 in our INVITE-facilities at the Chempark Leverkusen.

In 3 key topic streams our young INVITE-talents will give you insights into their ongoing research work in **sustainability research**, **smart automation** and **drug delivery technologies**.

You can find the current outline of the conference agenda via following link → <https://www.invite-research.com/research/invite-science-day-2024>

Please, check the invitation link on the INVITE-Homepage for updated information & the final program and use the following link to register in advance for the event:

→ https://us02web.zoom.us/webinar/register/WN_ol_-4HXnQgCw7TighEP3TA - dial-in details will be provided after registration

(do not use Google Chrome as browser for registration; check your spam folder for confirmation e-mail; in case you miss receiving a conformation e-mail, please register again using another browser)

Feel free to forward the invitation also to further interested colleagues.

Best regards,
INVITE-Team

Science Day @ INVITE 2024

Innovations, Visions, & Technologies 2024

3 key topic streams will address ***sustainability research, smart automation & drug delivery technologies*** and how they contribute and drive innovation.

On June 24th 2024 INVITE opens the doors for a one-day event where young INVITE scientists & engineers give insights into their current research.

All cooperation partners of INVITE are invited to join, get an overview on the newest areas of innovation in the respective research areas and get in touch with the young talents to discuss with them their newest research results.

Moreover, our partners from all INVITE research areas will be joining. Our partners are industrial & academic experts with a background of engineering or science, as well as decision makers from the pharmaceutical and life science industry, all of them actively pushing innovation in their area of responsibility.

You are invited to join and benefit from this great opportunity for exchange and networking.

When, where and how

 June 24, 2024

 10:00-17:00 CET

 Hybrid - virtual and
 physical.

Agenda – June 24, 2024

Overview

About INVITE

INVITE is a **Public-private partnership** of Bayer, TU Dortmund University, and HHU Düsseldorf founded in 2010.

Experts bridge the remaining gap between academic insights and industrial applications. INVITE is the

- // **research center** for innovative production technologies with a focus on smart automation, formulation technology and sustainability research.
- // leads the **Drug Delivery Innovation Center**,  Drug Delivery innovation Center, an **open consortium** between partners from the pharmaceutical industry, machine and service providers, and academia.
